BRODHEAD.

Born, to the wife of Virgil Martin, a daughter, and to the wife of Herman Frith, a daughter.

The stockholders of the Waynesburg, Woodstock and Hansford Telephone Companies have organized themselves into an association. Granville Owens, of this place, has been elected president and Prof. M. E. Wheeldon, of Eubanks, secretary.

J. H. McKinney, of the Freedom section, sold his farm of 140 acres to Mr. Noe for \$2,500. Robt. Hicks sold his farm of 80 acres lying on Copper creek to Mr. Frank Roberts for \$2,000. Several persons from other counties are here looking after farms.

Mrs. Fred Hahn, of Spiro, who for a time, it was thought could not live, we are glad to state, is able to sit up some. A little daughter of Sam Chandler, of Mareburg, has pneumonia fever. Two children of Wm. Taylor, of near Bee Lick, are down with typhoid. The little daughter W. H. Sowder, who has been very sick is better.

Rev. Campbell, principal of the public school at Lebanon Junction has been called to the pastorate of the Christian church at this place. Rev. Young filled the pulpit at the Methodist church Sunday morning and night. Rev. A. J. Pike will preach at the Baptist church Sunday night. We are informed that Rev. Kin Pike, of Harrison county, will begin a revival at the Methodist church here at an early date.

William DeBord, of near here, after a long siege of fever, died last Friday and was buried Saturday. Mrs. Louisa Reynolds, of the Glades, died and was buried in the Providence cemetery last Sunday, Rev. Todd conducting the funeral services. Mrs. Reynolds or "Aunt Louisa," as she was known, was the widow of Jesse Reynolds, who was a pioneer of the Glades section and a highly respected citizen. Logan Scott, a school teacher, aged 25, of the Ottawa neighborhood died and was buried Sunday.

Dr. O. O. Stone is visiting relatives in Tazewell, Tenn. Mrs. L. A. Cass, of Louisville, is with her son, J. R. Cass. Mrs. Sarah Rainey and daughter, Ollie, of Mt. Sterling, are with relatives here. Mr. Robt. T. Hemphill, of Williamsburg, was here this week. Mrs. Sarah Pigg, son and daughter, of Richmond, were here this week. Fred Durham and wife, of Etown, are visiting here. J. F. Watson and wife visited in the Quail section Sunday. J. B. Carter, of Gratz, is a student in the graded school here. Egbert Wallen, of the Q. & C. at Oakdale, Tenn., was with his family first of week. Miss Eila Caison has returned to Princeton, Ky., where she is going to school. Mrs. J. T. Cherry has returned from a three weeks' stay at Olympian Springs.

We often hear it said, when speaking of some good man, "he is the best man on earth" or "he is the best man in the country."

We hardly like to speak of any certain person as being the "best man living but we do know that in and around Brodhead there are some men who are classed with the best of men. Sometimes we study out some of these men and are willing to admit we are proud of them. They are men to whom we must look as being capable of taking the lead in affairs which pertain to the things which keep abreast with the times. They are men who are worthy to be pointed out and classed with what might be called the "better element."

We have in our mind at this time a man we have known from childhood and can say that he merits all that can be said of him. R. L. Smith, "Boge," as we all know him, is about 38 years of age, living near where he was born and grew up, near Hiatt's. He is a son of Joe Smith, is an up-to-date farmer, married and has a family, is a brother-in-law to J. M. Cress, the hustling farmer and stock trader of near Preachersville. "Boge" is member of the Baptist church, a republican and a subscriber to the Interior Journal.

"Health Coffee" is the cleverest imitation of real coffee ever yet made. Dr. Shoop created it from pure purchased grains, malt, nuts, etc. Fine in flavor—is made in just one minute. No 20 or 30 minutes tedious boiling. Sample free. Penny's Drug Store.

"How kin I improve my emporium?" inquired the proprietor of the general store.

"You might start by having them crates out in front cushioned," suggested one of the prominent loafers of the town.

Breathe Hyomei and cure catarrh. No stomach dosing. Complete outfit including inhaler \$1. Guaranteed by G. L. Penny, Druggist.

"Madam, could you spare a handout or a cold bite? I wuz wit' de man dat discovered de pole."

Where's yer proofs?"

"De proper thing, mum, is to provide de banquet and den ask for de proofs."

MEDICAL INSPECTION.

In connection with the honor roll we wish to present to the patrons in town and county a phase of school work not heretofore indulged in by school authorities in small cities. Medical Inspection of schools is not a fad or fancy but a sensible necessity. Its object is to prevent the spread of infectious and contagious diseases, to avoid and check epidemics, to promote and encourage cleanliness and neatness in pupils. It seems useless to add further argument for Medical Inspection but we will give a brief detailed argument. All progressive places are no longer asking can we afford to safeguard our schools in thus promoting the general welfare of their children, but are saying can we afford not to do it. Modern science teaches us that buoyant health of youth must be diligently conserved from childhood if it is to be enjoyed in after life. It is probably the wisest thing to do just here, to announce that the inspection which we propose to do will not cost one cent and for this reason we can see absolutely no room for objection.

Neither does it mean that you must correct the evil at once or employ the school examiners to do the work. We do know, however, that a trouble little dreamed of may be so augmented in a few months that it will become serious. For instance, a pupil neglects his studies, hates his school and leaves it before he has half completed his course and thus starts on the road to an inefficient, useless life. Why? Because of the fact that his hearing is partially impaired or his vision defective. Headaches, eyestrain, lassitude, defective breathing due to enlarged tonsils, and such like, retard the pupils progress and he is called stupid when he is not. Unclean mouths are productive of disease germs and aid their growth; while cavities in the teeth are centers of infection. Faulty digestion is caused by neglect of teeth and all ills to which flesh is heir may be traced directly or indirectly to this and they are most certainly intensified by it. Thus mental effort is rendered difficult and the child hampered.

The work of the physician's examination is confined to dermatology and prevalence of infectious or contagious diseases and lung tests. The dentist will examine the teeth. The optician and specialist will deal with eye, ear, nose and throat troubles and will make examination of these organs. A written report of examination will be sent to parent and one kept by board of education. It is not the function of the school or the examiners to give treatment but to report causes and let patron know the status of the child.

W. B. O'Bannon, chairman of board of education, is appointed physician, Dr. W. N. Craig, the optician, eye, ear, nose and throat specialist, and Dr. T. W. Pennington, the dental examiner. Fritz Hoffman, alias Fritz Heisener, an inmate of the Indiana Reformatory, died, the result of a brutal attack of his cellmate, Noah Burris, who struck him with an iron rod.

Please excuse me for killing myself in your place of business," wrote Carl August Mackay, just before blowing out his brains in a Boston undertaking establishment.

At Winchester, Walter Sharp, a prominent citizen, of Bath county, and a member of the Burley Society district board, died suddenly in the parlor of the Brown-Proctoria Hotel.

A telegram has been received at the State Department that W. H. Shepard, the American missionary in the Congo Free State, has been acquitted of the charge of criminal libel.

Guy Shaver, the seven-year-old son of William Shaver, of Owensboro, was dragged to death by a cow. The boy was taking the cow to pasture when the animal became frightened and ran away.

In a fight over the division of the estate of William Flowers, who died at Moultrie, Ga., Will Williams was killed and Wright and William Flowers were fatally wounded by John Hart and his two sons.

To THE DEMOCRATS OF LINCOLN COUNTY.—The court of appeals has decided that it has no power to correct the action of the county committee in dismissing my contest without a trial and that the action of the committee, however unjust and unfair it may be, is final and beyond the jurisdiction of the courts to remedy. This decision does not change and in no way touches the facts in my case. But it does necessarily end my contest for the nomination for the office of sheriff. I have only asked for and sought by my contest to get at the facts, and in trying to do so I have followed the very letter of the law and our party rules, which were adopted to correct mistakes and deprive fraud of its fruits. It seems, however, they are useless for the purposes of their adoption, and there is no law or party rule to correct fraud in our party elections. As stated in my former card I believe I received a majority of the legal votes and was fairly nominated. A recount of the ballots as placed in the boxes would have demonstrated the fact, therefore no recount was allowed.

I made the race upon my own strength. I never attempted to farm out the office. To have fairly won the nomination under the circumstances, with the party machinery against me as shown by the action of the county committee in dismissing my contest without a trial, was indeed a compliment and very gratifying to me. I sincerely thank all my democratic friends who so loyally supported me, and I trust that the future will give me opportunity to show to such, my true appreciation of their kindness and confidence.

IN NEIGHBORING COUNTIES.

Clinton Bowman, a London barber, was fined \$300 for bootlegging.

Miss Viola King, daughter of Mr. and Mrs. Wesley King, died at her home in Madison.

Mrs. Fannie Watson, aged 80 years, was burned to death at her home, near Brasfield, Madison county, by her clothes catching fire.

Miss Mary Templeman of near Richmond was accidentally shot by a relative, who was pranking with a gun that he didn't know was loaded.

At Paris Hon. F. L. McChesney, aged 80 years, one of the best-known educators and newspaper men in the State, died of heart failure after a short illness.

Frightful Fate Averted.

"I would have been a cripple for life, from a terrible cut on my knee cap," writes Frank Disbury, Kelliher, Minn., "without Bucklen's Arnica Salve, which soon cured me." Infaltable for wounds, cuts and bruises, it soon cures burns, scalds, old sores, boils, skin eruptions. World's best for piles. 25c at Penny's Drug Store.

JOE MAGEE
is a candidate for Police Judge of Crab Orchard, subject to the action of the democratic party and asks your support.

WHAT good reason or excuse can any democrat give for not supporting the splendid ticket the democrats of Lincoln county have nominated? Is not the personnel of it good and have not the democrats all along shown by their every act their ability and willingness to manage the county affairs in an economical, judicious and frugal way? Why turn the business over to inexperienced men, who belong to a party which pays less than 15 per cent. of the taxes, and who in their private affairs have not proven more than able to keep their heads above water? Certainly good business men want the county's money carefully handled, they want the pikes well cared for, they want bridges and county roads looked after, the poor-house well managed, etc., etc. In fine they want a business administration—just such as the democrats have given this and other years. The republican party is one of promises and their old song about a reduction of taxation, more money per day for working roads, and the like, is the veriest tommy rot. They sing that old lullaby about this time of year every time a county ticket is to be elected. It is not a vote catcher though and it is strange to us that they do not try some other stanza. We have no fear of the republicans being the first to occupy the magnificent new court-house and the saying "fools build houses and wise men live in them" will not hold good in this case. The democrats will occupy the court-house and continue to give the people good, clean and creditable administrations. There is not a better managed county in the State than Lincoln and no republican will deny the assertion. No leaks, no grafts, no soft maps exist. Continue the splendid record by electing the democratic nominees and you will have no cause for regret.

MRS. HENRIETTA McGREW, of Trenton, Neb., insists that there is a limit to all things, even to the kissing of her husband, John E. McGrew. As a result of exceeding the limit she has sought the courts for a divorce, alleging that he has kissed and insisted upon kissing until the cruelty stage has been reached. She avers that while her husband has been spending his time kissing, the weeds have taken the corn and the cockleburs have grown higher than the wheat and hay, and that generally things have gone to the bad.

STANLEY MILWARD, one of the republican members of the State Board of Control, has tendered his resignation to Gov. Willson. We wonder if he filled his pantry full of vegetables and had all of his "laundry done up" from the asylum before he handed in his resignation? Republicans never overlook anything.

An Indianapolis brute killed his wife because she would not live with him and take his drunken and generally bad treatment. He then blew his own worthless brains out, which act he should have committed first.

An Indianapolis poultry man notes the unusual number of roosters this year. Roosters and democrats go together. Watch the result of the November election.

Is Judge William Herndon trying to profit by Gov. Bradley's experience in keeping on running for an office until he gets it? The present Senator, it will be remembered, ran for governor year after year until his running almost became a joke. He finally reached the goal, however, and was Kentucky's first republican executive. Mr. Herndon has made two races for the office of circuit judge and is still running. He hopes the third time will be the charm but instead 'twill be three times and out. Judge Saufley defeated him nearly 1,000 in his last bout with him and the majority will be far greater than that this time. If he gets half of his petitioners 'twill surprise us.

AND poor old Eph Lillard, of Danville, was soaked \$3,300 in selling booze. He started on the downward road when he violated his oath and cast the vote of Boyle county against Gov. Beckman and for Gov. Bradley. He has made his bed and few there are who will sympathize with him while he lies on it, though hard and painful it be.

A BOSTON physician says that the removal of an appendix should be made a criminal operation under the law, as so many people die from it. The doctor might have added that those who do not succumb are often scared to death by the size of the surgeon's bill.

STATISTICS show that the average salary of a Methodist preacher is \$480. There is a discussion as to whether a preacher can be honest. We shouldn't think he could be a shining light of honesty on such a salary, especially if he had a wife and family to support.

In a suburb of Danville, Va., last week two sets of triplets, three pairs of twins and two ordinary babies, a total of 14 children, were born to seven families in the same neighborhood on the same day. There doesn't seem to be much race suicide in Old Virginia.

THE WORSE thing about hell, says a learned Chicago professor, is that it will be such a bore. We shouldn't wonder. If all we have heard about the place is true we suspect that there will be other disheartening features.

A HOOISIER girl sued a rich Illinois distiller for \$50,000 for forcibly kissing her. The case was adjusted outside of the courts for \$50. It was high kissing even at the latter figure.

GOV. WILLSON reiterates his promise to pardon any man who kills a night rider. Watch some scoundrel get even with the man against whom he thinks he has a grievance.

HARPER'S WEEKLY asks, "Why do men wait on women?" Well, we should say that in case she is his wife because he has to, and that of other women because he likes to.

POLITICAL.

At Nicholasville the full vote was registered with a marked Democratic increase.

Thomas J. O'Brien, United States ambassador to Japan, has departed for his post in Tokio on the steamship Mongolia.

The republican registration at Danville fell off over 100 from two years ago and the democratic gain was large. Good.

In the registration at Lexington Tuesday, the democrats outnumbered the republicans 1,979. Good-bye Parker, et al.

The registration in Paris shows: Democrats, 898; Republicans, 609; Independents, 25. The total Democratic plurality is 289, an increase of 134 over 1908.

The verdict of the trial court which found John K. Walsh guilty of misappropriation of funds of the Chicago National Bank, was affirmed by the United States Circuit Court of Appeals at Chicago.

At the closing of the registration poles it was announced that the Democrats had registered the fullest vote ever before known at Richmond and as a result the Democrats of the town held almost a jubilee.

At Winchester, although no special effort was made by either party to get out a full vote a heavy vote was registered, the Democrats having a majority for the first time in the history of the city. The total vote is 1,670, and the Democratic plurality is 26.

John L. Wells was declared the republican nominee for county judge by the Laurel County Republican Committee, after a two days' session taken up by reading of depositions and argument of counsel. The election returns showed that Jones had received a majority of 22, but on a recount of the ballots by the committee Wells was shown to have received a majority of 11. Jones will appeal and the case will go before the State Central Committee.

After being twice married to Frank B. Waste at Cleveland, Ohio, and being twice divorced from him, Mrs. Florence Waste, at 18, has gone home to her father, under injunction of Judge A. G. Reynolds not to try a third matrimonial venture.

CHURCH MATTERS.

Rev. C. A. Williams is dead at Maysville, O., at an advanced age. He had been an active minister of the Christian church for over a half century.

Rev. J. H. Hopper, of Perryville, was with Rev. W. H. Hopper at Burnside from Friday until the following Sunday. There were five additions to the Presbyterian church while he was there. Mr. W. H. Hopper leaves this week to continue his study at the Louisville Theological Seminary.

MIDDLEBURG.

Miss Rose Wells, of Gravel Switch, is visiting her cousin Miss Lillie Wells at Yosemite. Miss Lillie Tilford and her sister Buelah returned to Eubanks Monday. Jack Wells and wife, of Liberty, spent Sunday with the homefolks at Yosemite.

Charles Sullivan will lecture here Friday night Oct. 15. His theme will be Fads Fashions and Faces. Prof. Sullivan comes highly recommended as a lecturer and we are assured that his talk will be well worth 25c, the price of admission.

The horse driven by Mrs. M. G. Murphy Sunday became frightened near Grove, and running away threw Mrs. Murphy out, bruising her considerably. She was picked up and carried to Mr. Geo. Dietz's and cared for until the arrival of her husband, who brought with him Dr. J. W. Acton. She was badly bruised up, but was able to be removed to her home Monday.

The meeting of the Baptist church which had been in progress for nearly two weeks closed Sunday night. The following persons united with the church during the meeting: J. R. Wilson and wife, Clarence McDaniel, Mrs. Nancy Hall, Alvah Lucas and wife, and Misses Maudie Pike, Etta Lanham, Hannah Wilson, Stella Jones Bessie Tapscott, Ruth and Martha Dye. Eight of the converts were baptized in the river just below the mill by Rev. Chas. Martin Sunday afternoon in the presence of quite a concourse of people. That the meeting was a success all admit, though there was not as great in gathering as was expected. The membership was considerably stirred, and indications for better work in the future are apparent. Rev. Charles Martin assisted the pastor part of the time and endeared himself to the members of the church by his earnest efforts in behalf of the unsaved. Rev. J. L. Owens being highly complimented on the very able discourses he preached during the meeting.

R. G. Martin, Prof. Robinson; Some difficulties that confront an inexperienced teacher, Miss Edna Gilliland, Miss Dollie Wolford; Reading, Prof. Grubbs, Lansing Lanham.

REYNOLDS.—After a lingering illness caused by the infirmities of age, Mrs. Louisa Reynolds, aged 81, the widow of the late Jesse Reynolds, passed peacefully over the silent river Saturday evening to dwell with the angels above. She leaves one brother, Rev. Stephen Collyer, who now lives in Texas, one sister, Mrs. Nannie Reynolds, living in Missouri, two sons, M. G. and J. M. Reynolds, of Bee Lick, and seven daughters and a number of grand children to mourn her taking away. Although advanced in years, her mind was perfectly clear to the very last. She often expressed her readiness to meet her Maker. Realizing just a short while before she died that the end was drawing nigh, she called her children around her bedside telling each of them to follow in the steps of Jesus and be prepared to meet her in the world to come. She was a devout member of the Christian church, having given her heart to God, when quite young. Monday at 11 o'clock Rev. Todd preached the funeral sermon at Providence church, after which all that was mortal of the dear one was laid to rest in the Providence cemetery.

LINCOLN county has the cleverest man in the world in the person of Mr. James F. Cummins, of this place. He is a natural born mechanic and can fix anything from a spinning wheel to a flying machine, so when anything in the machinery line gets out of shape in or around Stanford Mr. Cummins is sent for. He never fails to respond and does it with apparent pleasure. He is just as certain to put things in running order as he is to try, and he keeps you feeling all the while as if you are doing him a favor in letting him help you out. This office has an "internal machine" in the part of a gasoline engine, which sometimes just wont run. We give a gentle hint to Mr. Cummins, who stops whatever he is doing, comes to our rescue and soon the wheels are running smoothly. There is only one "Jim" Cummins and we are monstrous glad that Stanford has him.
